### NEWS OF THE DAY.

The New York whisky market closed  
at 95c to-day.

It is said that the Conscription bill, as  
it will pass the Senate, and go to the  
House, will make no exemptions, except  
the President and Vice President, Judges  
of United States Courts, the Heads of the  
several Executive Departments, and the  
Governors of States. Exemption four  
hundred dollars, and liability to the next  
draft.

There is apprehension, as we are in-  
formed by a special to the *Herald*, from  
its Army of the Potowmick correspondent,  
that the rebels contemplate a movement of  
some kind.

Henry Ward Beecher now receives a  
salary of \$12,500 a year. It pays better  
to preach John Brown than to preach  
Christ.

What is the special cause for the sud-  
den rise in gold in New York on Sat-  
urday, is not made public. It went as high  
as \$1 59, and closed at \$1 58.

James H. Grimes has been re-elected  
United States Senator from Iowa.

A proposition is before the Senate of  
Ohio, to sell the gold now in the Treasury of  
the State, at the present premium.  
What will Jim Lane say?

Specie continues to be exported in im-  
mense quantities.

The Radical Germans throughout the  
country, seem to be taking ground against  
Lincoln's re-election.

Roger Planet and Jim Lane had a  
fight at Chicago on Saturday, for one  
hundred and seventy dollars a side.  
The fight lasted forty-nine minutes, and  
Lane was the victor.

There was another destructive conflagra-  
tion in New York, Jan. 16. Loss  
\$250,000.

A terrible railroad accident is reported  
by telegraph.

The telegraph reports an attack by two  
hundred rebel cavalry on our pickets, at  
three mile station. Not much harm done.

More nonsense by telegraph of starva-  
tion in the South.

There is talk of reorganizing the Federal  
army, into three separate corps.

Somebody is to have command of fifty-  
thousand troops, and to be authorized to  
take Richmond "in his own way."

Fifty millions of the new five cent, inter-  
est bearing notes are to be issued to-  
day.

The Committee of ways and means are  
suggesting important changes in taxation.

It is ominous that gold is not reported  
to-day.

Congress will give notice of the abro-  
gation of the Canada Reciprocity treaty.

It is again reported that the rebels from  
the Canada side are preparing to make a  
dash for the release of prisoners on John-  
son's Island.
